# About Us

## ADVOCACY

SCMS & SAM provide a collective voice in advocating for physicians and healthcare priorities that affect our profession and our patients, both locally and nationally

## COMMUNITY

SCMS & SAM are actively involved in community engagement, education, research, growth, and public health by working with our students, physicians, medical institutions, businesses, and elected officials

## LEADERSHIP

SCMS & SAM have a strong track record of cultivating physician leaders at the local, state and national level

## NETWORKING

SCMS & SAM provide a platform for physicians to network with each other across specialties, institutions, and our community, in order to build strong referral networks to improve provider communication and patient care
